Who are we?

We are a close-knit family, passionate about dance, and we proudly launched this unique project. Under the inspirational guidance of Dimi, along with his sister Vanessa and their parents Hendrik and Gina, the dream of hosting an IDO World Championship in Belgium came to life.

The seed for this project was planted when Dimi first witnessed an IDO World Championship in 2017. With his experience as a consultant for the UCI (Union Cycliste Internationale), he had a clear vision of what an international event entails. What makes our dance community truly unique, however, is the warm, tight-knit bond we share – it feels like one big family.

The inaugural edition, realized in 2023, was a milestone, but it did not come without challenges. It marked the first time in years that an IDO organization took place in Belgium, and it was no easy task. Fortunately, we received overwhelming support from the BULDO federation, the beautiful venue of Plopsaland, and the municipality of De Panne.

Naturally, there were small errors in the organization that proved difficult to resolve within such a short timeframe. With only 7 days to arrange everything, it was a challenge given the large number of participants. But with determination and a love for dance in our hearts, we successfully put on the first edition.

We look forward to the future and are committed to growing our event so that dancers of all levels can shine on the international stage!

In 2025, we will not change too much, except for a few necessary adjustments, such as allowing a bit more space in the program by providing a few extra days. For the rest, we will simply continue being ourselves and warmly welcome everyone to our second edition.

This book will help and guide you in finding the right way to organize accommodation and to inspire as many dancers as possible to come to De Panne.
